## About Umang Foundation

**Umang Foundation** is a registered Public Charitable Trust and active for over 9 years now. It was started by three IT Professionals in July 2008, who believe “*there’s more to life*” beyond office and home.

**Umang Foundation** consists of more than 10,000+ dynamic professionals as volunteers spanning across various sectors including IT, Management, Finance (various other sectors) and also includes doctors and elite senior citizens, who are enthusiastic to work for uplifting the society.

**Umang Foundation** focuses on the improvement of society in every possible way, to achieve this goal Team Umang have organized many philanthropic events and activities including distribution of stationery kits, clothes to villagers, blood donation drives, celebration of festivals with people in old age home, celebration of special days with children and children suffering from cancer.

**Umang Foundation** has a strong focus on providing education material to underprivileged children. Team Umang has provided educational material to these children starting from Kindergarten to the high school and have provided educational material to 1,20,000+ less fortunate children since its inception. Umang Foundation has entered five times into *LIMCA BOOK OF RECORDS [edition 2013, 2015, 2016, 2017, 2018]* for organizing largest stationery distribution drive in a single day from single venue. Creating records was never a thought, but providing stationery to needy students as early as possible was always a focus. Hence, biggest stationery distribution drive was organized by the organization and its volunteers.

Apart from education, a complete creative growth of children is facilitated by the foundation through clay modeling workshops, Warli painting, paper collage and paper-bag making workshops for orphans, magic shows and dance competitions.

**Till date, Umang Foundation does not have any employees and working ONLY on the basis of voluntarily efforts.**

## Background of identified children

Typically, the identified students belong to a family of daily wagers or home-maid who resides in slums. Although these children are enrolled in school(s) but due to lack of the requisite education material like basic stationery these children are compelled to manage their entire academic year with as little as one or two notebooks for all their subjects for the entire year!! Team Umang has witnessed instances of these children discontinuing / dropping out going to the school due to scarcity of means to buy new notebooks. This, the effort is to equip these children – the future of India with basic educational material to ease out the scarcity at a fundamental level.

## Impact of Umang Foundation's approach

Umang Foundation has been successful in bringing down the number of drop outs which were witnessed due to non-availability of resources post its initiative Promote Education – ‘ek kadam ujwal bhavisya ki aur’. This has encouraged donors and resulted in the continued progressive distribution trend of Umang Foundation.

## Feedback from school staff

Students are able to have meticulous and organized structure of their education, this clearly contributes to a high morale of a happy child pleased to have the facility and being away from the feeling of deprivation. Students are happy that they are having separate notebooks for each subjects, they can now maintain their class work neat and clean in separate subject notebooks.

Education to every child is very important to ensure today a better tomorrow of our country. In most of the cases children drops out from school because their family could not support them financially and could not afford education material and other resources for them.

Umang Foundation is determined to support a minimum of 20,000 students every year which is not possible without support and engagement of able corporate.
