## About Umang Foundation

Umang Foundation is a registered Public Charitable Trust and active for over 9 years and managed by working professionals in Mumbai. It was started by three IT Professionals in July 2008, who believe “there’s more to life” beyond office and home. Umang Foundation consists of more than 10,000+ dynamic professionals as volunteers spanning across various sectors including IT, Management, Finance and also includes doctors and elite senior citizens, who are enthusiastic to work for uplifting the society.

Team Umang is focused to reduce the school drop-outs in slum based and rural Maharashtra by taking preventive measures rather than stitch in the hole by providing basic stationery material. Project "Promote Education" has provided over 1.2 lakhs stationery kits (since inception) to school going children to help them to continue their studies.

Umang Foundation focuses on the improvement of society in every possible way, to achieve this goal Team Umang have organized many philanthropic events and activities including distribution of stationery kits, clothes to villagers, blood donation drives, celebration of festivals with people in old age home, celebration of special days with children and children suffering from cancer.

In Year 2017, Team Umang has already provided education material to 28,000+ less fortunate children. Umang Foundation has entered five times into **LIMCA BOOK OF RECORDS** for organizing largest stationery distribution drive in a single day.

**Till date, Umang Foundation does not have any employees and is working majorly on the basis of Volunteers’ efforts and run on 100% voluntarily basis which helps organization to keep its admin cost ~1% only.**

## Why Smart Classroom

We would agree that digital education enhances the learning experience of students by better engaging their attention and enabling them to grasp concepts more readily. It has changed the way education is imparted – a single query or doubt can be clarified in seconds online, there are innumerable resources available for a child online that add on to the classroom teachings.

*But it's a different story altogether in the rural interiors...* Dismal condition of the schools, skewed teacher-student ratio, lack of proper study materials; digital education in such a condition seems a far-off dream. ***Let's make that dream a reality!***

Smartphones, tablets, laptops, computer labs, social media, virtual teachers, online coaching...the list is endless. A child in a big city has access to so much more than another in the interiors.

Recently, there have been some initiatives taken by some organisations and the government to digitise rural Maharashtra, be it distributing tablets to students or providing access to a computer lab; but there's still a long way to go.... Let's lend a helping hand.

***This is where YOU come in!***

Umang Foundation has long associated with corporate and has enabled them to connect with the children in the rural interiors of Maharashtra. Every year we conduct hundreds of activities, aimed at improving access to basic amenities such as hygiene and education, amenities that we simply take for granted!

Join us on our journey as we take up our first goal – To ensure that every child, every school in Shahapur has access to digital education and to bring them at par with the rest of country.

## List of schools in Dhasai Cluster

S. No.	U-DISE Number	Cluster Name	School Name	Count
1	27211204601	DHASAI	Z.P. SCHOOL, DHASAI (Head School)	169
